INFORMATION DISCLOSURE STATEMENT AND CERTIFICATE OF MAILING

Dear Sir:

- 1) Pursuant to 37 C.F.R. §§ 1.56, 1.97 and 1.98 applicants enclose a third Form PTO-1449 and a copy of the reference listed thereon. Applicant requests that the references be made of record.
- 2) The undersigned hereby certifies that each item of information contained in the information disclosure statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the Information Disclosure Statement. Particularly, reference AD was cited in a Japanese Office Action issued in a counterpart Japanese application on August 22, 2000.
- 3) This statement is being filed before the mailing date of a first Office Action on the merits, to the best knowledge of the undersigned.

- 4) The cited reference AD is accompanied by an English language Abstract. The Japanese Examiner in the above-mentioned Japanese Office Action asserted that reference AD (at col. 6, lines 22 to 25) discloses that it is well known that laser ablation can be used to prepare a transparent film of high transmittance and low resistance. The Japanese Examiner's assertion is not adopted or ratified by the applicants, but should be taken into consideration by the U. S. Examiner.
- 5) Also, the Japanese Examiner asserted that JP 6-318406 (previously cited reference AA) discloses the same target material as recited in the present application.
- 6) Applicant respectfully requests that the Examiner consider all references of record, return an initialled copy of the enclosed second Form PTO-1449 and ensure that all references of record are printed on any patent issuing from this application.
- 7) Favorable consideration and allowance of claims 1 to 15 are respectfully requested.

Respectfully submitted

Takao NAKAMURA et al.
